Subject: Application for District Medical Examiner Position in Charlotte County

Hello to the Search Committee! I am writing to express interest in the position of District Medical Examiner in Charlotte County.

I have trained and worked in some of the highest volume offices in Florida, and am skilled at not only complex autopsies (requiring all types of special techniques and examination), but also training personnel, community outreach, and complex trial testimony (including televised testimony and testifying to two juries at once for separate defendants). As an Associate Medical Examiner, I have been entrusted with administrative responsibilities and have executed them to the benefit of the offices I worked in. I have also worked in a Coroner system (Hawaii) and am well-versed in the types of communication and versatility needed to interact with a small jurisdiction and constituent base.

I am seeking a District Medical Examiner position. I hope you find me qualified to meet me in person for an interview.

I look forward to hearing back from you.

Stacey A Simons, MD
